

Please join us for our 1st annual Winter

Community Celebration of Learning

At the West Bath School

Friday, January 8th

1:30 – 2:30 PM

Please come hear our K-5 students share their learning process and celebrate their growth and success!

This winter's Celebration of Learning is focused on the process of reflection and revision that students worked through during fall expeditions on their journey towards the creation of high-quality work. Visitors will be asked to provide students with feedback on where and how they can continue to improve in their learning process.

The fall's community- focused expeditions answer the following guiding questions:

- *K – Can kindergarten help West Bath students become better at being respectful, responsible, honest, and compassionate?*
- *1st – How do the Code of Character Traits – Being Compassionate, Responsible, and Respectful – help us to create peaceful learning opportunities at school?*
- *2nd – How can we support the school community and place West Bath on the map?*
- *3rd – How can our community help to support those with food insecurities?*
- *4th – What is culture, and is it important to preserve it?*
- *5th – How can the mind change the brain to change the mind?*

Parking for this event will be at the school. Cars may park in the bus loop until 2:30 and along New Meadows Road. Please do not park on Richardson Lane.

For more information, please call Mrs. Donovan at 443-9145.
